PLATINUM

FREIGHT MANAGEMENT PTY LTD

Whether you and I meet during the year in your hometown or at a trade fair, we have the same goal – the goal to do business with someone that we respect. I love the work that I get to do each day, whether it is clearing gold jewellery from Dubai, clothing from Thailand or solar panels from China. At the end of the day money is not the reason that I am in business – I am in business because this is what I do best.

For those of you that appreciate personalised service, consider bringing your business to **Platinum Freight Management**. I have a motto, which I stand behind, there is *“simply no higher level of service”*.

Peter McRae

The Platinum Advantage

- We are open 24 hours for your convenience
- We offer one-on-one customer service to our clients
- We are able to customs clear your goods anywhere in Australia – no matter where you live or have your business
- We personally respond to your queries in order to offer you a high standard of customer service
- We accept most credit cards
- We have in place an integrated management system which encompasses Quality, OHS and Environment

Receive a \$25
