PLATINUM

FREIGHT MANAGEMENT PTY LTD

Whether you and I meet during the year in your hometown or at a trade fair, we have the same goal – the goal to do business with someone that we respect. I love the work that I get to do each day, whether it is clearing diamonds from India, gold jewellery from Dubai or pearls from Hong Kong. At the end of the day money is not the reason that I am in business – I am in business because this is what I do best.

For those of you that appreciate personalised service, consider bringing your business to **Platinum Freight Management**. I have a motto, which I stand behind, there is *“simply no higher level of service”*.

The Platinum Advantage

- We offer a 24 hour customs clearance service for jewellers.
- Your shipments are customs cleared before departing from overseas.
- If you are travelling to Australia with stock in your possession, we will email or fax all of the customs clearance papers to you whilst you are overseas.
- We can perform securities on all jewellery imports that may be in Australia for an exhibition or trade show.
- If you carry stock out of Australia, we can also perform the export customs clearance formalities for you.

Receive a \$25
gift card of your
choice on your
first shipment!

Simply no higher level of service
